PROFESSIONAL SUMMARY

React Native Developer (TypeScript) with full-stack experience (Laravel/React), shipping iOS/Android apps end-to-end with Firebase, REST/GraphQL APIs, automated testing (Unit + Detox E2E), and CI/CD (Bitbucket Pipelines, Xcode Cloud). Delivered 5+ airport/airline mobile projects with weekly releases, including native module bridging (iOS/Android), i18n, and automated store uploads (App Store Connect / Google Play). Proven delivery ownership across 10+ production web projects with strong focus on stability, reusable UI, and team collaboration (Jira/Confluence).

WORK EXPERIENCE

ITXI

Beirut, Lebanon

Mobile Developer (React Native, TypeScript)

Dec. 2024 – Present

- Developed and maintained **5+** iOS/Android React Native projects for airport/airline products with a **weekly release cadence**.
- Integrated **Firebase** (Auth, Firestore/RTDB, FCM, Remote Config, Analytics) for secure sign-in, real-time data, push notifications, and controlled feature rollouts.
- Built reusable, accessibility-friendly UI components; integrated **REST/GraphQL** APIs using **Axios** and contributed to scalable mobile architecture.
- Implemented localization (**i18n**) and improved stability by **reducing crashes** through stronger testing practices and release validation.
- Expanded automated testing (**Unit + Detox E2E**) and enforced quality gates via **CI + Sonar** to catch regressions earlier.
- Worked with native code and submodules: edited iOS/Android modules and implemented React Native bridges.
- Improved **CI/CD** (Bitbucket Pipelines + Xcode Cloud) and automated uploads to **App Store Connect** and **Google Play Console**; documented runbooks in Confluence and collaborated via Jira/Bitbucket PR reviews.

Karim Press

Saida, Lebanon

Software Developer & Team Lead

Mar. 2022 – Present (Full-time until Dec. 2024; Part-time since Jan. 2025)

- Delivered **10+** production web projects end-to-end (**Laravel + React**): API design, database architecture, frontend implementation, and deployment.
- Built reusable React UI components and responsive layouts; improved performance and accessibility across devices.
- Delivered React Native features for mobile deliverables (UI, API integration, release support) alongside web work.
- Owned delivery with clients: led demos/updates, clarified requirements, and translated them into scoped backlogs, priorities, and delivery plans.
- Mentored interns/junior developers through onboarding and code reviews; standardized GitLab branching.

Software Development Internships

Lebanon

IDS (PHP) & Infosysta (Atlassian Ecosystem)

2022

- IDS (PHP)**: Built a full-stack PHP app from scratch (admin panel included) and presented the project.
- Infosysta**: Supported Jira/Atlassian administration by configuring workflows, custom fields, and permissions.

SKILLS

Mobile: React Native, TypeScript, Redux Toolkit, Axios, i18n, AsyncStorage, Native Modules/Bridging (iOS/Android)
Firebase: Auth, Firestore, Realtime Database, Cloud Messaging (FCM), Remote Config, Analytics
APIs: REST, GraphQL
Testing & Quality: Unit/Integration Testing, Detox E2E, Sonar
CI/CD & Releases: Bitbucket Pipelines, Xcode Cloud, App Store Connect, Google Play Console, Git, Bitbucket
Web/Backend: PHP, Laravel, React, Node.js, Inertia.js, HTML5, CSS3

EDUCATION

Lebanese International University (LIU)

Saida, Lebanon

B.S. in Computer Science

Sep. 2021 – Jun. 2024

LANGUAGES

Arabic: Native | **English**: Fluent | **French**: Conversational
